NEWSLETTER No. 10 July - September 2022

Marian, a young man from Belfort who has completed a civic service at the Alliance Française of Bethlehem, has offered his services to us from August 1st for 3 months. We welcome him to the association and take advantage of his abilities!

He updated, completed, and rejuvenated the website <https://solidarityhebron.org/en/> and also took over the PowerPoint presentation of the city and the association.

The screenshot shows the website's navigation menu with the following items: ACCUEIL, NOUS DÉCOUVRIR, JOUONS AU TOPOLY!, COURS DE FRANÇAIS, HÉBRON, NOUS SOUTENIR!, and RESSOURCES. Below the menu is a video player area with the text "Découvrez nos activités avec cette vidéo". The video player displays a grid of six video thumbnails:

- Thumbnail 1: "Evénements culturels" (Cultural events) showing a man playing a stringed instrument.
- Thumbnail 2: "Au sein de la vieille ville, la dimension socioculturelle est au cœur de notre action" (In the old town, the socio-cultural dimension is at the heart of our action) showing a group of people.
- Thumbnail 3: "Notre jeu de société, le Topoly" (Our board game, the Topoly) showing a board game.
- Thumbnail 4: "Sur ce site, découvrez les origines de notre association" (On this site, discover the origins of our association) showing a man speaking.
- Thumbnail 5: "Que serait l'association sans sa partie touristique?" (What would the association be without its tourist part?) showing a group of people on a bus.
- Thumbnail 6: "Rejoignez-vous au club francophone!" (Join our francophone club!) showing a family and the text "NOUS TROIS OU RIEN".

At the bottom of the video player area, it says: "Pour en savoir plus, cliquez sur la catégorie qui vous intéresse".

*** Club Francophone**

On August the 28th the Club met for an afternoon of games around Topoly and French card games, with crêpes.

A nature trip was also offered on September the 24th to the Wadi al-Quff nature reserve. Participants were able to witness the preparation of *dibs* (a grape syrup that is mixed with sesame paste and eaten in winter) and visit the Tur al-Safa cave.

*** Cultural activities**

Two exhibitions were presented in our premises: one at the beginning of July, of the works of Khuzaima Hamed, from Nazareth (paintings)

And a second one at the beginning of August, of stained-glass windows and paintings on glass, made by the Jerusalemite artist Hazzam Abu Saoud

The Tamer Institute provided 12 books to the association and a Jordanian poet provided 44 copies of his collection of texts.

* **The annual summer camp** was held from July the 23rd to August the 4th in cooperation with the National Summer Camp Committee, with 164 children on the theme: "Our Jerusalem, make your voice heard!". Each day 15 different activities were offered to the participants in small groups: manual activities, physical activities, reading, drawing, planting with the Palestinian Environmental Engineering Society and games to reduce psychological suffering.

SOUTIEN A SOLIDARITE HEBRON (SASH)

SASH was present on the stand entitled "Solidarity Hebron" at the Fête de l'Humanité between September the 9th and September the 11th, in the *Village du Monde*, hosted by Salam Glass & Pottery. It was an opportunity to sell Topoly, to see people who have been to Hebron and to meet new people.

As part of the distribution of Topoly, SASH met with Secours Catholique – Middle Eastern branch, CEMEA, Ritimo and the AFPS groups of the Val de Marne. SASH is also in contact with Artisans du Monde.

ENCOUNTERS

In August, the association was associated with the visit to Hebron of the delegation of *Sites et Cités remarquables* and the delegate for the external action of local authorities, J.P. Guihaumé.

We also had the pleasure of receiving a delegation from the municipality of Belfort in July, led by Mayor Damien Meslot, Marie-Thérèse Robert, Councillor for International Relations, the elected representatives for youth, tourism and the executive responsible for green spaces. We were also involved in the exchanges between the delegation and Hebron municipality.

In October, we should be received in Belfort to continue the exchanges already well initiated.
